What are solar lighting fixtures for shipping container?

Sun-In-One LED lighting fixtures for shipping container solar lighting kits provide you with enough light to get equipment or supplies out of the container, up to high-quality lighting, and allow you to use the shipping container as a workshop and have enough light to do fine detailed work.

Are FLEXcon containers collapsible?

Consistent inside dimensions at the top and bottom of the containers allow even multiple layer dunnage to be easily installed and removed. Custom requests and dealer inquiries welcome. Reduce costs with Flexcon's collapsible containers. Our durable, reusable totes collapse flat to save on return shipping and reclaim valued warehouse space.

How many LED lights should a shipping container have?

If it's a more significant 40 FT container, 3 or 4 fixtures might be the solution. The number of hours a day someone will be in the Shipping Container, and the type of work they will do inside the container will also help determine the type of LED solution.
