solarcont has developed a mobile solar container that stores and unrolls foldable photovoltaic panels for portable green energy anywhere.

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, ...

Highly mobile, container can be shipped virtually anywhere. In hot climate areas, electrical devices and fluids must be kept below 35°C to ensure ...

Lenntech designs ready-to-use containerized desalination plants that can produce up to 1000 m³/day of drinking water from different sources and with varying salinities.

These panels usually use high-efficiency thin-film solar technology, which is light, flexible and easy to fold. The panels can be folded inside the container for easy transportation ...

Highly mobile, container can be shipped virtually anywhere. In hot climate areas, electrical devices and fluids must be kept below 35°C to ensure good process performance.

The Solarfold photovoltaic container can be used anywhere and is characterized by its flexible and lightweight substructure. The semi-automatic electric drive brings the mobile photovoltaic ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail ...

With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for

containers can be deployed in less than three hours. Go big with our modular ...

The Solarfold photovoltaic container can be used anywhere and is characterized by its flexible and lightweight substructure. The semi ...

Our line of solar transportable power units (TMSPDC®; Power AnyWhere Any Time®) provides stand-alone photovoltaic power. These portable units supply AC power just about anywhere ...

Pure Aqua produces an assortment of containerized and mobile water treatment solutions that are custom-built to fit any application.

These panels usually use high-efficiency thin-film solar technology, which is light, flexible and easy to fold. The panels can be ...

Foldable Solar Panel Containers are an innovative solution that is combined with solar power technology and logistical convenience. ...

Foldable Solar Panel Containers are an innovative solution that is combined with solar power technology and logistical convenience. The mobile solar containers carry ...

Lenntech designs ready-to-use containerized desalination plants that can produce up to 1000 m³/day of drinking water from different sources and ...
