Our containers are designed to provide a turnkey solution for off-grid living or working, with all the features and amenities you need to live comfortably and sustainably.

• Standardized design, modular assembly, flexible capacity configuration. Intelligent integrated management, battery module plug and play, simple and reliable operation and maintenance. • ...

The energy storage battery system adopts 1500V non-walk-in container design, and the box integrates energy storage battery clusters, DC convergence cabinets, AC power distribution ...

Dimensions: Exterior dimensions of 20 feet in length, 8 feet in width, and 8 feet 6 inches in height, providing approximately 160 square feet of storage space. Construction: Durable, weather ...

The +C containerized energy storage system by ETICA offers a compact, high-capacity solution with half the footprint of a standard 40-foot container. Its modular design accelerates project ...

• Standardized design, modular assembly, flexible capacity configuration. Intelligent integrated management, battery module plug and play, simple ...

Not sure which BESS container size fits your project? Discover the differences between 20ft, 40ft, and modular systems--plus expert tips to help you choose the right solution.

The populated 20ft NWI liquid-cooling energy storage container is an integrated high energy density system, which consists of battery rack system (280Ah LFP cell), BMS (battery ...

The 20ft 2MWh outdoor liquid cooled energy storage container is composed of 7 1P416S, 1331.3V 280Ah

battery racks with BMS, which has the characteristics of high power and long life.

High Energy Density & Scalability - 500KW power output with 1MWh capacity in a HITEKESS standardized 20ft ISO container, optimized for space efficiency and rapid deployment

The 20ft 2MWh outdoor liquid cooled energy storage container is composed of 7 1P416S, 1331.3V 280Ah battery racks with BMS, which has the ...

Equipped with automatic fire detection and alarm systems, the 20FT Container 250kW 860kWh Battery Energy Storage System is the ultimate choice for secure, scalable, and efficient energy ...

Dimensions: Exterior dimensions of 20 feet in length, 8 feet in width, and 8 feet 6 inches in height, providing approximately 160 square feet of storage ...

The +C containerized energy storage system by ETICA offers a compact, high-capacity solution with half the footprint of a standard 40-foot ...
