Several groups collaborated to complete the project. Austria hosts Europe's largest photovoltaic-thermal energy system after installing 1,130 PVT modules at a sports stadium in ...

Thanks to cutting-edge technology, the Vienna Sports Arena is supplied with climate-neutral energy throughout the year and meets the highest sustainability standards. ...

In recent years, the Austrian solar industry has occasionally met for conferences at the Ernst Happel Stadium in Vienna. Now, future events at the stadium can finally be powered ...

Austria has installed Europe's largest photovoltaic-thermal (PVT) solar system at a stadium, using Sunmaxx modules combined with ...

Partial view of large-scale PVT plant at Sports Arena Vienna. Courtesy Wagner Solar GmbH. The new sports facility is being constructed on the site of the former Ferry Dusika ...

Austria has installed Europe's largest photovoltaic-thermal (PVT) solar system at a stadium, using Sunmaxx modules combined with geothermal energy and brine heat pumps to ...

PVT manufacturer, Sunmaxx, has delivered over 1,130 photovoltaic-thermal hybrid modules for the new Vienna Sports Arena in recent months. It is a project with the highest ...

At the heart of the facility's energy system are over 1,130 photovoltaic-thermal hybrid modules (PVT), supplied by the Saxony-based manufacturer Sunmaxx. Installation and ...
