-----

48V DC to 110V AC 1000W pure sine wave inverter with remote control, LCD display, AC output voltage can select 220V, 230V, 240V, 100V, output frequency 50Hz or 60Hz to choose from, ...

This high efficiency microprocessor controlled DC-AC inverter converts 48 Volts DC (Nominal) to 1000 watts of pure sine-wave AC power at 100/110/120 Volts, 50/60 Hz. The unit comes with ...

This AIMS Power 1000W 48V Rack Mount Inverter, is ideal for providing backup power to your essential equipment. It will generate 1000W of high quality pure sine power at a ...

This 1000 watt pure sine wave inverter load is highly non-linear, full of ...

This 1U rackmount inverter is ideal for providing backup power to your essential equipment such as: telecom, audio/visual and computers. It will generate 1000-Watt of high quality pure sine ...

This 1000 watt pure sine wave inverter load is highly non-linear, full of switching frequency current & harmonics, as well as harmonics, inter-harmonics and sub-harmonics of the input & output ...

This 1U rackmount inverter is ideal for providing ...

The pure sine wave inverter is an ideal power back up for emergency or home power outage. What you get : A 1000 watt pure sine wave inverter, a instruction manual, 2ft ...

This rackmount inverter is ideal for providing backup power ...

This rackmount inverter is ideal for providing backup power to your essential equipment. It will generate 1000W of high quality pure sine power at a stable 120Vac output.

The new SureSine off-grid inverter line is comprised of six new models from 150W - 2,500W with 120 or 230V output and 12, 24 or 48V DC input options to cover a wide range of off-grid ...

The Aims rack mount inverter is ideal for providing backup power to your essential equipment. It will generate 1000W of high quality pure sine power at a stable 120Vac output at 48 Volts.

A 48V 1000W inverter is an electrical device used to convert direct current (DC) power from a 48-volt battery or power source into alternating current (AC) power, like 110V, 220V, 240V, great ...
