NREL's PVWatts ¹⁷⁴; Calculator Estimates the energy production of grid-connected photovoltaic (PV) energy systems throughout the world. It allows homeowners, small building owners, ...

In 2024, generators added a record 30 GW of utility-scale solar to the U.S. grid, accounting for 61% of capacity additions last year. We expect this trend will continue in 2025, with 32.5 GW ...

Chile-based Verano Energy has closed financing for the Domeyko Solar + Battery Energy Storage System project in northern Chile's Atacama Region. The project consists of an ...

Located in the solar hotbed region of Atacama in northern Chile, the Domeyko project will have an 83MW solar PV capacity and ...

Located in the solar hotbed region of Atacama in northern Chile, the Domeyko project will have an 83MW solar PV capacity and 660MWh battery energy storage system ...

Poland contracted 1.67 GW of solar and 82.7 MW of wind capacity in July renewable energy auctions, while tenders for hydro, biogas and biomass projects failed due to ...

In a significant move for Latin America's renewable energy sector, Verano Energy has secured a 15-year power purchase agreement (PPA) for its 83-MW Domeyko solar project ...

Poland 's URE has shared the results of seven renewables auctions that took place this month. An auction for solar and wind installations greater than 1 MW selected 95 solar ...

Over the summer, RWE successfully commissioned five new renewable energy projects in France, comprising four wind farms and one solar power plant, together delivering a combined ...

Due to differences in PV system performance and annual energy consumption per household, the number of homes powered by a MW of solar can vary significantly from state to state.

Onshore wind projects received just 83 megawatts (MW), highlighting a continued trend toward solar dominance in Poland's renewable energy landscape. Of the 129 winning ...

Poland contracted 1.67 GW of solar and 82.7 MW of wind capacity in July renewable energy auctions, while tenders for hydro, ...

In a significant move for Latin America's renewable energy sector, Verano Energy has secured a 15-year power purchase agreement ...

Poland 's URE has shared the results of seven renewables auctions that took place this month. An auction for solar and wind ...
