-----  
What is continest's new foldable cargo container?

Continest continues to revolutionize the industry with its foldable container solutions. The latest innovation in cargo transport: The CN Cargo 20' foldable cargo container premiered at the Intermodal Europe 2022 in Amsterdam.

What is a 4fold foldable container?

So it is that the 4FOLD foldable container from Holland Container Innovations (HCI) is providing a novel solution that not only reduces CO2 but offers a number of additional benefits -- more efficient to ship empties back (by a ratio of four to one!), space saving, and faster handling at the terminal.

How many bundled containers can a container hold?

One can transport, handle and/or store the four bundled containers for the same price as one standard container. The foldable 40ft high cube meets all industry requirements and is fully ISO and CSC certified. Operating 4FOLD requires no changes to your existing logistics system.

What is a foldable 40ft HC container?

Let's give it a go! We are proud to say that the 4FOLD is the first fully ISO and CSC certified foldable 40Ft HC container. This means we meet the quality standards of the major shipping lines, terminals and rail and trucking companies. Our foldable container behaves like a normal 40Ft HC container. It's strong, safe, just like any other.

If a container needs to be transported empty, we fold it in a fast, safe and easy way to a quarter of its volume. It only takes us up to 10 minutes to fold it. Four folded containers become one ...
