-----  
Where are SoliTek solar panels made?

In 2014, the SoliTek brand was launched, and production of glass-glass solar modules began. The company expanded into solar energy projects and installations in Lithuania by 2018. In 2020, SoliTek shifted towards battery manufacturing for solar systems, establishing partnerships for a factory in Vilnius.

Are SoliTek solar panels sustainable?

SoliTek solar panels are the first and only in the world to have the prestigious Cradle to Cradle gold certification, known as the "Oscar" of sustainability. As a manufacturer of renewable products, SoliTek goes even further. It's a net zero PV company, using exclusively 100% renewable energy in its module manufacturing.

Can SoliTek solar modules be installed on a roof?

SoliTek solar modules are so tough that they could be installed not on the roof, but instead of roof (just as roof tiles). Yet, SoliTek doesn't stop here. Their R&D team is always on for new ways to integrate solar energy to improve daily life.
