-----

Romania is one of Europe's most underrated travel destinations. Skip the crowds in western Europe and discover its natural beauty, history and culture.

Explore the benefits and technology behind containerized off-grid solar storage systems. Learn how these scalable, cost-efficient ...

Below is a narrative description of how a solar-powered shipping container is revolutionising the face of access to global energy, off-grid energy, grid backup, and clean ...

The bloodthirsty prince died in 1476 battling the Turks near Bucharest. His head was famously lopped off and carried back to Istanbul, where it was paraded on a stick.

Explore the benefits and technology behind containerized off-grid solar storage systems. Learn how these scalable, cost-efficient solutions provide reliable power and energy ...

Sunmaygo's cutting-edge mobile solar systems deliver unparalleled energy efficiency with 40% higher energy density. The most cost-effective off/grid power solutions for your remote projects.

In this comprehensive guide, we delve into the workings, applications, and benefits of these revolutionary systems. Solar energy containers encapsulate cutting-edge technology ...

Explore the best things to do in Bucharest, Romania's capital. From the gigantic Parliament building to the third-wave coffee shops, here's your guide.

Beyond mounting the solar panels on the roof of the container on delivery, NO wiring or assembly is required

to have your own storage, living space ...

With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three hours. Go big with our modular ...

Beyond mounting the solar panels on the roof of the container on delivery, NO wiring or assembly is required to have your own storage, living space or workspace ready in just a few hours.

Explore Bucharest's walkable neighbourhoods for their period architecture, artworks and an ever-growing foodie scene, all in an eclectic mix of old and new.

The Bucharest Energy Storage Project exemplifies how cutting-edge technology meets practical energy needs. As Europe accelerates its decarbonization timeline, such initiatives prove that ...

The Intech Energy Container is a fully autonomous power system developed by Intech to provide electricity in off-grid locations. Each container is equipped with a photovoltaic array, a battery ...

Bucharest-based innovators are tailoring energy storage batteries to regional needs. One company's modular design allows farmers to scale storage capacity as their solar installations ...

Many customers explore off grid solutions due to the simplicity and maneuverability of our containers. As long as a truck can get to the plot of land, we can drop your container. Now you ...
