What is the funding and tenders portal?

The Funding and Tenders Portal is the single entry point (the Single Electronic Data Interchange Area) for applicants, contractors and experts in funding programmes and procurements managed by the European Commission.

Are Li-ion batteries a threat to Europe's energy transition?

Li-ion batteries play a crucial role in Europe's energy transition, yet production dominance lies with China, Korea, and Japan. To counter this dependency, Europe plans to establish 25 new gigafactories amounting to EUR 35 billion by 2030. However, defects are anticipated to occur at rates ranging from 15 % to 30 % during the initial ramp-up phase.

What is batteries Europe?

Batteries Europe is the platform bringing together all relevant stakeholders in the European batteries research and innovation ecosystem in order to develop and support a competitive battery value chain in Europe.

Are flexible lithium ion batteries interoperable?

However, the current Battery Management System (BMS) used in Flexible Lithium-ion Batteries (FLBs) lacks interoperability features, leading to a time-consuming, expensive, and non-standardised reconfiguration process for Small Li-Ion Rechargeable Batteries (SLBs).
