For the latest updates and more information, visit our website: <https://drakoulis.eu>

Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet response. Ideal for industrial, commercial, and emergency applications, our solutions ...

AceOn's eFlex 836kWh Liquid-Cooling ESS offers a breakthrough in cost efficiency. Thanks to its high energy density design, eFlex maximizes the energy stored per unit of space, drastically ...

As a leading energy storage cabinet manufacturer and supplier, GSL ENERGY offers fully integrated, factory-tested systems featuring lithium iron phosphate (LiFePO₄) batteries, ...

Vericom energy storage cabinet adopts All-in-one design, integrated container, refrigeration system, battery module, PCS, fire protection, ...

Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet response. Ideal for industrial, commercial, and ...

QINKUAL offers advanced energy storage cabinets with liquid cooling systems. Our high-capacity solutions include 3.54MW, 2.5MW, and 4MW DC Liquid Cooling Containers, ensuring optimal ...

AceOn's eFlex 836kWh Liquid-Cooling ESS offers a breakthrough in cost efficiency. Thanks to its high energy density design, ...

Vericom energy storage cabinet adopts All-in-one design, integrated container, refrigeration system, battery module, PCS, fire protection, environmental monitoring, etc., modular design, ...

The 418KWh Liquid-Cooled Energy Storage Cabinet is designed with an integrated system that includes

batteries, BMS, EMS, PCS, and fire protection. It uses advanced liquid cooling ...

GSL ENERGY offers a range of advanced Liquid Cooling Energy Storage Systems designed for commercial, industrial, and utility-scale applications.

Designed for commercial and industrial applications, this 261kWh energy storage cabinet integrates cutting-edge 314Ah LiFePO4 battery cells with a high-performance liquid cooling ...

Our system is designed to enhance energy density and thermal performance, accelerate installation times, engineered for optimal serviceability, and minimizing capital expenditures ...

The 418KWh Liquid-Cooled Energy Storage Cabinet is designed with an integrated system that includes batteries, BMS, EMS, PCS, and fire ...

Our system is designed to enhance energy density and thermal performance, accelerate installation times, engineered for optimal serviceability, and ...

Our liquid-cooling energy storage cabinet is engineered for high-efficiency, scalable ESS solutions. It combines top-tier LiFePO4 cells, advanced ...

As a leading energy storage cabinet manufacturer and supplier, GSL ENERGY offers fully integrated, factory-tested systems featuring lithium ...
