-----

EMC components, ferrites, common mode chokes, inductors, ESD protection, signal transformers, capacitors, resistors and crystals & oscillators

Frolyt has been developing and manufacturing aluminum electrolytic capacitors at its Freiberg site in Germany for 73 years. With 84 ...

Frolyt has been developing and manufacturing aluminum electrolytic capacitors at its Freiberg site in Germany for 73 years. With 84 employees and an experienced development department, ...

As your expert partner for electronic components, alfatec supports you in selecting the right aluminum electrolytic capacitors for your applications. We offer comprehensive advice and are ...

The thin insulating layer of aluminum oxide formed on the anode between the foil plates acts as the dielectric, creating a high-capacitance device in a compact package.

EPCOS AG is a leading manufacturer of electronic components, modules and systems headquartered in Munich, Germany.

The Germany aluminum electrolytic capacitor market is experiencing a significant transformation driven by advancements in data analytics and digitalization. As industries ...

When exploring the Aluminum Electrolytic Capacitor industry in Germany, several key considerations emerge. First, understanding the regulatory landscape is crucial, as Germany ...

85&#176;C and 105&#176;C series with screw and snap-in connections - for maximum performance, low

losses and long service life in compact designs.

Locate Aluminum Electrolytic Capacitors suppliers, manufacturers & distributors in Germany. Interactive map of Germany provided.

Buy capacitors in different versions. Our diverse range of capacitors ranges from various ceramic capacitors to film and electrolytic capacitors to film capacitors and super caps. Are you not ...
