-----

MANILA, Philippines - Global renewable energy leader Sungrow made waves at Solar & Storage Live Philippines 2025 this week, unveiling advanced solutions tailored to accelerate the ...

The project has strong sustainability credentials, notably because of its impact in decarbonising the Philippines' energy system (SDG7), but also by generating power to support economic ...

While the Renewable Energy Act is trying to boost the use of clean energy, it's not easy to do without better energy storage. Solar and wind energy are plentiful, but they depend on the ...

Tetchi Capellan, a pioneer of solar PV in the Philippines, discusses the country's crucial turning point in its adoption of energy storage.

The DOE's new Green Energy Auction Program reserves 4.3GW for storage-attached renewables. And get this - 67% of new commercial buildings in Metro Manila now include ...

With increasing integration of solar and wind, the need for advanced, reliable energy storage becomes critical to balance supply fluctuations and deliver consistent, clean ...

The Philippines Department of Energy (DOE) has outlined new draft market rules and policies for energy storage, a month after the country allowed 100% foreign ownership of renewable ...

Tetchi Capellan, a pioneer of solar PV in the Philippines, discusses the country's crucial turning point in its adoption of energy ...

Department of Energy (DOE) said that the Philippines is exploring innovative solutions to optimize renewable

energy integration and reduce costs, with Battery Energy Storage Systems (BESS) ...

MANILA, Philippines -- Energy storage is stepping into the spotlight of the country's green transition, with more companies making ...

MANILA, Philippines -- Energy storage is stepping into the spotlight of the country's green transition, with more companies making bold investments to unlock its game ...

The projects included ground- and roof-mounted solar, floating solar onshore wind and integrated renewable energy with energy storage systems. GEA-5, devoted solely to ...
