Does Cyprus have a 5G network?

02 MAY 2022 - 18:50 Source: Announcements Cyta has announced the completion of the pan-Cypriot 5G mobile network that offers state-of-the-art telecommunications services throughout the country, even in its most remote areas. This makes Cyprus the 1st country in the EU with 100% population coverage.

What are the major mobile networks in Cyprus?

The major Cyprus mobile networks are Cyta-Vodafone (Cytamobile), Epic (formerly MTN), PrimeTel, and Cablenet. Cyta and Epic lead in 5G coverage and speed, PrimeTel focuses on lower pricing, and Cablenet, which started as an MVNO, leases the infrastructure of other operators and sells budget plans.

Can I use 5G outside of Cyprus?

Yes, you can use 5G outside of Cyprus, but this depends on the availability of 5G in the countries you visit and the roaming agreements that Cyta has with local providers.

What is the fastest mobile network in Cyprus?

Coverage data from nPerf also shows Cyta with the broadest reach, and Ookla's Speedtest Awards have repeatedly recognized Epic as the fastest network in Cyprus. To see what each of them has to offer to locals and tourists, let's review each of the Cyprus mobile networks in more detail.
