What is a lithium-ion battery storage cabinet?

DENIOS presents its Energy Storage Cabinet specifically crafted for Lithium-Ion batteries, ensuring secure containment and charging. These meticulously designed lithium-ion battery storage containers guarantee comprehensive safeguarding, including 90-minute fire resistance against external sources.

Why should you choose Ion-line battery storage cabinets?

Dangerous: Unattended storing and charging of batteries. All-round protection: ION-LINE safety storage cabinets for your safety. Frequent, sometimes weekly accidents and countless damages prove that the unattended charging and storing of batteries, for example, overnight, poses significant risks and dangers.
