-----  
What is a Juba curtain system?

It's a system that works for all of us. Scope included 62,000 square feet, comprised of both unitized and stick-built curtain walls. This project is a true representation of Juba's capabilities in both the preconstruction and installation phases.

What is a Juba project?

This project is a true representation of Juba's capabilities in both the preconstruction and installation phases. Starting in the concept phase, we worked extensively with the Architect and General Contractor providing the design aesthetic, performance, and installation quality demanded by a landmark project.

Are solar innovations &#174; curtain wall frames custom built?

All Solar Innovations &#174; curtain wall frames are custom built to meet the exact dimensions of your opening. Solar Innovations &#174; offers eight standard frame finish colors and unfinished aluminum; custom finish options are available at an additional cost.

What are solar curtain walls made out of?

All curtain walls manufactured by Solar are constructed out of durable aluminum. The benefit of an aluminum curtain wall is the reduction in required maintenance. Aluminum curtain walls will not rot, rust, warp, expand with heat, or require constant finishing.

A leading provider of materials and labor for commercial glass and glazing, aluminum panel, and custom curtain wall and storefront projects, Juba ...
