-----

The latest version of the long-term report highlights the need for a comprehensive study on additional grid requirements for the envisioned increased levels of intermittent ...

KP believes that more than 480MW of BESS is required across different locations in the country, such as western Kenya, where there is inadequate transmission capacity at peak ...

As a pioneering country in the development of renewable energy in Africa, Kenya is accelerating its efforts to solve the problem of energy shortage through photovoltaic and ...

trueTelegram allows sharing of huge files but the moment Kenyans got wind of this, they could only think of one thing, ngwati ?. But there"s a shit load of useful and interesting ...

r/Kenya is a dynamic community for Kenya and her fans. Karibu, Welcome.

As a pioneering country in the development of renewable energy in Africa, Kenya is accelerating its efforts to solve the problem of ...

The increase in variable renewable energy capacity leads to the need for energy storage systems, which can provide grid services and stability.

Anyone who has used Aquantuo??? plus a short disclaimer on Savo Store.

Kenya is rapidly emerging as a leader in renewable energy adoption across Africa. With its energy storage sector poised for growth, innovative industrial design solutions are critical to ...

The Kenya Electricity Generating Company is piloting use of a Battery Energy Storage System for uninterrupted renewable power, ...

Thermal storage can convert heat to electricity & thus has a hallowed place in industrial setups that produce process heat. However, ...

The Kenya Electricity Generating Company is piloting use of a Battery Energy Storage System for uninterrupted renewable power, marking a new frontier in Kenya's green ...

Nairobi you'll meet probably people that will try to rob your phone, but is way way less than Barcelona. Almost no stabbing compare to London. No one will break-in in your car ...

This Policy seeks to address the challenges of energy access, affordability, and security whilst promoting clean energy solutions to reduce our dependence on fossil fuels and driving green ...

Hi! I'm planning to travel to Kenya for a couple weeks next month and wanted to ask everyone here for some tips on travelling and best places to go. I'm planning on visiting Nairobi, Watamu ...

Thermal storage can convert heat to electricity & thus has a hallowed place in industrial setups that produce process heat. However, retrofitting such into existing thermal ...
