---

IEETek, a pioneer in energy storage solutions, offers a superior off-grid solar inverter designed for robust performance and reliability. With an R& D team boasting over two decades of ...

On September 6, 2022, Sino Soar Hybrid (Beijing) Technology Co., Ltd. received the bid award notification from the Kiribati Public Utilities Authority (PUB) and successfully won the bid for the ...

That's Kiribati's reality - 33 coral atolls facing energy poverty and climate threats simultaneously. With 70% of urban households experiencing daily blackouts during peak hours, the urgency ...

Technological advancements are dramatically improving industrial energy storage performance while reducing costs. Next-generation battery management systems maintain optimal ...

Easily find, compare & get quotes for the top Energy equipment & supplies in Kiribati

Off-grid inverters are not connected to the utility grid but to the battery, whereas hybrid inverters are connected to both the utility grid and the battery. Today we will discuss on-grid or what is ...

If you're looking at batteries for off-grid energy storage, you've got three different technologies available, each with their own unique drawbacks and benefits: lead-acid, lithium-ion, and ...

The Kiribati Energy Storage Project is flipping the script, combining solar arrays with massive battery banks to create a hybrid power system. Think of it as giving the islands a ...

While most solar PV systems that are co-located with battery storage have in past been AC-coupled, requiring two separate inverters, one for the solar and one for the battery system, ...

PVM PLUS is third generation off-grid inverter with rich new functions. Its comprehensive LCD display offers user-configurable and easy-accessible button operation.
