Is Kuwait negotiating a major battery storage project?

Our Standards: The Thomson Reuters Trust Principles. Kuwait is negotiating a major battery storage project with a discharge capacity of up to 1.5 gigawatts and total energy storage of between 4 and 6 gigawatt-hours, in a bid to ease chronic power shortages, a senior electricity ministry official said on Monday.

What does the battery storage initiative mean for Kuwait?

The battery storage initiative is part of a broader push to stabilise Kuwait's grid and reduce reliance on fossil fuels during peak demand periods. If implemented, it would mark one of the largest energy storage deployments in the region.

Who is Kuwait Energy?

Kuwait Energy, established in 2005, is an independent MENA-focused oil and gas exploration and production company with a registered office in Jersey, head office in Bahrain and main offices in Kuwait, Cairo, Basra and Sana'a. These offices oversee our main operations in Egypt, Iraq, Yemen and Oman.
