We have successfully brought together two independent industries in a way that has never been done before. Under our roof, the traditional ...

As a leading solar-powered glass manufacturer, First Glass is dedicated to innovation in the development and production of advanced ...

Our solutions boost energy efficiency, lower costs, and reduce carbon footprints by converting sunlight into clean electricity and providing thermal insulation. We also offer tailored solutions ...

Introducing LoE⁺340+ - the next generation of Cardinal's top solar and glare control glass. Replacing the previous LoE⁺340, it maintains the same leading 0.18 SHGC and glare control, ...

The Valletta Design Cluster within a historic XVII-century abattoir with the installation of Onyx Solar's crystalline silicon photovoltaic glass being particularly beneficial.

The Valletta Design Cluster's XVII-century abattoir uses Onyx Solar's PV glass with a 12mm air chamber, enhancing insulation and generating ...

The Valletta Design Cluster's XVII-century abattoir uses Onyx Solar's PV glass with a 12mm air chamber, enhancing insulation and generating 126Wp per glass unit

Our solutions boost energy efficiency, lower costs, and reduce carbon footprints by converting sunlight into clean electricity ...

Doubling as a building component to enhance sustainability and energy efficiency in commercial buildings, the Solarvolt(TM) BIPV glass system has been honored for delivering high ...

Crafted with heat-treated safety glass, our photovoltaic glass provides the same thermal and sound insulation as traditional options, flooding spaces with natural light. Perfect for facades, ...

Crafted with heat-treated safety glass, our photovoltaic glass provides the same thermal and sound insulation as traditional options, flooding spaces ...

Valletta Design Cluster in Malta already enjoys our crystalline silicon photovoltaic glass. In total 42 photovoltaic glasses are installed as skylight, which allow the entry of natural ...

Leading solar glass manufacturer in the United States. Discover cutting-edge solutions for high-performance, sustainable solar glass production.

We have successfully brought together two independent industries in a way that has never been done before. Under our roof, the traditional photovoltaic industry and the construction sector ...

As a leading solar-powered glass manufacturer, First Glass is dedicated to innovation in the development and production of advanced solar-powered glass solutions.
