PM6000 Peristaltic Pump - High flow rate and self-priming. Excellent dry running characteristics. Shop Now.

The Electra-178; peristaltic pump with double pump head is lightweight and compact. To use, simply attach an external power source such as a 12-volt deep cycle battery to energize the pump.

Peristaltic pumps have long been used for groundwater sampling. These pumps have a number of advantages over other types of devices, but they also have some limitations.

This 2-channel peristaltic pump ensures a simple way of circulating both solvents through a redox flow battery or an electrolyser test cell. ...

PMCD200N Peristaltic Pump - Convenient, cordless, compact, and portable. Reversible, chargeable, and simple to use. Shop Now.

Waterra 1 UP Peristaltic Sampling Pump is a rugged battery operated field pump for shallow groundwater applications. Accepts 110 & 220VAC and 12VDC.

Designed for the Field Technician in mind! The Alexis-174; compact peristaltic pump can either run on its self-contained internal 30 amp AGM battery or plug it into a 120-volt electric socket. The ...

This 2-channel peristaltic pump ensures a simple way of circulating both solvents through a redox flow battery or an electrolyser test cell. Functions and features include: Color LCD display, ...

Rechargeable power supply, easy portable, available to work even without power supply. Available to collect high proportion of high-viscosity liquids, suspension of containing solids particles, Stratified sampling available, The suction lift deepest up to 8 meters.

Rechargeable power supply, easy portable, available to work even without power supply. Available to collect high proportion of high-viscosity liquids, suspension of containing ...

FZ-C Rechargeable Series Simple Peristaltic Pump System adopts advanced peristaltic pump technology and is compatible with various pump head specifications, enabling precise flow ...

The reliability of peristaltic pumps makes them suitable for a variety of scenarios of vanadium batteries, including grid peak regulation, clean energy storage (such as wind/solar power ...
