Galp has kicked off construction on five new battery energy storage system (BESS) projects in Spain and Portugal, marking a major step in its clean energy strategy. According to ...

Powin will provide the 5MW/20MWh BESS for one of Galp's operational PV plants, in the village of Alcoutim in the Algarve, south ...

Powin has completed a 5MW/20MWh BESS project co-located with solar in Portugal for Galp, an oil, gas and renewables company.

Installed in the southern Portuguese region of the Algarve, the 5MW/20MWh battery system enhances the site's ability to dispatch renewable energy to the grid when it ...

Installed in the southern Portuguese region of the Algarve, the 5MW/20MWh battery system enhances the site's ability to dispatch ...

Galp has entered into a partnership with North American company Powin to install an energy storage system, using large-scale batteries, in one of its photovoltaic plants, in ...

Galp has entered into a partnership with North American company Powin to install an energy storage system, using large-scale ...

Portuguese energy company, Galp, has partnered with Powin to create a 5 MW/20 MWh solar storage system at one of Galp's solar plants with ground pv mounting in Alcoutim, ...

Galp, a Portuguese energy company, has announced plans to build a 5 MW/20 MWh battery storage system in
