How much does a shipping container cost in 2024?

Let's get into the shipping container market prices for 2024. The prices show substantial variations that depend on container conditions and locations. The current market shows new one-trip shipping containers ranging from \$2,800 to \$7,800. Used containers give buyers more budget-friendly options at \$1,400 to \$3,500.

How much does a shipping container cost?

The current market shows new one-trip shipping containers ranging from \$2,800 to \$7,800. Used containers give buyers more budget-friendly options at \$1,400 to \$3,500. Containers with special features like double doors or open sides naturally cost more. Here's a breakdown of current market prices: Container prices vary substantially by location.

How much does it cost to move a container?

On average, moving a container within the United States costs around \$2,000-\$5,000. For international moves, the price of a shipping container can be from \$5,000 to \$10,000. If you're moving an empty container over a short distance (under 200 miles), you may pay between \$500 and \$1000.

Are new shipping containers more expensive than used?

New containers are typically more expensive as they are in perfect condition and ready for long-term use. Used containers are less costly but have some wear and tear. Shipping container sizes and prices are directly linked to each other. The price also depends on how well the container has been maintained over time.
