-----  
What is the SMARTIA M35 curtain wall system?

The SMARTIA M35 is a 'value for money' curtain wall system that combines aesthetics and high performances. Its minimal design offers reduced sightlines compared to other typical curtain wall systems.

What is the MN 50 curtain wall system?

The MN 50 curtain wall system is a stick system that enhances the visual appearance of your building with wide opening applications, mullion profile options, and diverse cover cap profiles. It allows for fast and efficient installation of glazing modules at the construction site thanks to its micro-joint operation.

Can vertical mullions support a curtain wall?

Vertical mullions can accept a curtain wall. The curtain wall is a light-weight facade made from industrial materials and installed on a building's structural skeleton, a method which contrasts with traditional construction procedures. These structures are common in office and apartment buildings.

What is the Smarta M78 curtain wall?

The Smarta M78 is a cost efficient unitized curtain wall that offers minimal aesthetics with structural robustness. Its Structural Silicone Glazing construction provides maximum transparency at the external.
