For the latest updates and more information, visit our website: <https://drakoulis.eu>

Whether your design targets power supplies, filtering circuits, or specialized applications, our custom capacitors can be meticulously optimized to excel within your precise field of ...

The electrical characteristics of aluminum electrolytic capacitors with plain (not etched) foils are, in part, better, but these capacitors are considerably larger and are only used for special ...

Aluminum electrolytic capacitors with non-solid electrolyte are the best known and most widely used electrolytic capacitors. These components can be found on almost all boards of ...

Aluminum electrolytic capacitors are especially suitable for applications requiring high capacitance, low cost, and very small size. In fact, you'll find these capacitors in some of the ...

We produce a wide range of capacitors that deliver exceptional performance and reliability while standing up to demanding conditions. We seek to ...

View results and find san marino super aluminum electrolytic capacitor datasheets and circuit and application notes in pdf format.

Nippon Chemi-Con Corporation is the worlds largest manufacturer of aluminum electrolytic capacitors. The company offers various types of electronic components such as multilayer ...

Standard (non-hermetic) Flatpack capacitors, types MLP (85°C) and MLSG (125°C 5000 hours) have been used extensively in military/aerospace applications for more than 30 years.

Find an Aluminum electrolytic capacitor online at Octopart. We feature a large selection of Aluminum
