-----

Lithium battery technology drives a significant increase in global power tool shipments, projected to grow from \$41.51 billion in 2024 to \$43.65 billion in 2025.

The global power tool batteries market size was estimated at USD 2.61 billion in 2024, and is projected to reach USD 4.49 billion by 2030, growing at a CAGR of 9.5% from 2025 to 2030.

EVs predominantly rely on lithium-ion batteries for power and accounted for over 80 percent of the global lithium-ion batteries demand ...

EVs predominantly rely on lithium-ion batteries for power and accounted for over 80 percent of the global lithium-ion batteries demand in 2024. Find up-to-date statistics and ...

The global power tool batteries market size was estimated at USD 2.61 billion in 2024, and is projected to reach USD 4.49 billion by 2030, growing at a ...

This article analyzes the lithium battery cell stacking system market, assessing how 2025 tariffs, supply chain shifts, and national policies influence production, costs, and growth ...

For example, global sales of EVs totaled nearly 14 million in 2023 and are projected to surpass 17 million in 2024, according to the International Energy Agency (IEA, 2024). Thus, ...

What is the current size and growth rate of the Lithium-ion Batteries in Power Tools Market? The Lithium-ion batteries in power tools market has seen significant growth in ...

The Power Tool Batteries Market size is estimated at USD 3.01 billion in 2025, and is expected to reach USD

4.49 billion by 2030, at a CAGR of 8.30% during the forecast period ...

This report reviews manufacturing capacity trends through battery supply chain and covers the battery component capacity, such as cell, cathode, electrolyte, and separators. ...

By 2025, the EV battery segment alone is expected to account for 60-70% of total lithium-ion battery demand, as governments worldwide implement stricter emissions ...

We project a substantial market expansion throughout the forecast period (2025-2033), with consistent growth across all segments, particularly in emerging economies experiencing rapid ...

The Power Tool Batteries Market size is estimated at USD 3.01 billion in 2025, and is expected to reach USD 4.49 billion by 2030, at a ...
