Who is Slovak solar?

Slovak Solar s.r.o. is a leading photovoltaic wholesaler in Slovakia, Czech Republic and Austria, with a vision to create a sustainable energy future. We started our journey in 2009 with the main idea - to provide companies specialised in the installation of solar systems with access to first-class photovoltaic products, all from one place.

Why should you choose Slovak solar?

At Slovak Solar, we believe that progress comes from constant innovation. From day one, we've been breaking new ground in Slovakia's solar energy sector. We were one of the first company in Slovakia to install Building-Integrated Photovoltaics (BIPV).

What is BIPV & how does it work in Slovakia?

From day one, we've been breaking new ground in Slovakia's solar energy sector. We were one of the first company in Slovakia to install Building-Integrated Photovoltaics (BIPV). We led the way with the first-ever 400kWh Battery Backup System, even before container-based battery systems became mainstream.

SK-CONT is a manufacturer specializing in high-quality storage containers, which could be relevant for energy storage solutions. With over 25 years of experience and a commitment to ...

We offer photovoltaic panels, photovoltaic inverters, battery storage and other components necessary for the construction and installation of solar energy systems. We have ...

What is a containerized energy storage system?The Containerized energy storage system refers to large lithium energy storage systems installed in sturdy, portable shipping containers, which ...

Our hybrid inverters bridge solar input, energy storage, and local grid or generator power in containerized

environments. With advanced MPPT tracking and intelligent switching, they ...

BLD Energy Solutions is a leading provider of renewable energy solutions, specializing in solar energy storage systems. With a strong focus on customer satisfaction and innovative ...

In #Slovakia, with the assistance of MARTEL Sminn, s. r.o., at Mercedes-Benz dealership, Sunwoda C& I 60kWh energy storage cabinets were installed, along with a 40kWp #PV AC ...

#237;vne skladovanie energie pre va?u ... DENIOS presents its Energy Storage Cabinet specifically crafted for Lithium-Ion batteries, ensuring secure containment and charging. These ...

Take the Kosice Solar Park case study: By pairing 12 storage cabinets with their solar array, they reduced grid dependency by 68% while cutting costs faster than a chainsaw through ...

We offer a diverse range of fabrication capabilities consisting of shearing, turret punching, laser cutting, contouring, forming, welding, bending, notching, and much more. Our motto and key to ...

In #Slovakia, with the assistance of MARTEL Sminn, s. r.o., at Mercedes-Benz dealership, Sunwoda C& I 60kWh energy storage cabinets were ...

Thanks to our long-term experience with solar power plants, we will provide you a tailor-made solution with the best possible return on investment. ... green energy slovakia s.r.o. a member ...
