-----

From compact 30 kWh lithium-ion cabinets to large-scale containerized 5 MWh solutions, our systems are designed for performance, flexibility, and seamless integration with solar, grid, or ...

Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum efficiency and reliability.

It is the global volume leader among Tier 1 lithium battery suppliers with plant capacity of 77 GWh (year-end 2019 data). Range of MWh: we offer 20, 30 and 40-foot container sizes to provide ...

Our modular battery systems, compatible with top-tier inverters like Sol-Ark, Luxpower, and Solis, offer a fully customizable energy storage solution for your home. With StackRack, you can ...

Our flexible BESS e-Container solution ensures a consistent power supply by storing excess energy from renewable sources while streamlining peak load management and minimizing ...

AZE's All-in-One Energy Storage Cabinet & BESS Cabinets offer modular, scalable, and safe energy storage solutions. Featuring lithium-ion batteries, smart BMS, and thermal ...

Designed to exceed IFC24 fire-containment standards, it enables secure storage of bulk, damaged, or prototype batteries without the need for a separate fire-rated room. Lightweight, ...

Adding Containerized Battery Energy Storage System (BESS) to solar, wind, EV charger, and other renewable energy applications can reduce energy costs, minimize carbon footprint, and ...

Explore our range of lithium-ion cabinets, meticulously engineered with cutting-edge fireproof battery storage
