Our 7kW DIY solar system collection offers the components you need for an efficient solar energy system. Shop both grid-tie and off-grid 7kW solar kits.

Microgreen offers and services CATL's EnerC+ high capacity outdoor lithium battery container.

These rugged, self-contained systems integrate large solar arrays, advanced battery storage, and high-capacity fuel cells -- with optional diesel ...

With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three hours. Go big with our modular ...

Designed for Plug and play operations, the ZSC range of mobile solar power is easy to setup and commission. The compact container is easy to transport and is a low maintenance asset on site.

With a 6,000 watts split phase (120/240V) inverter included, this kit is powerful enough to run lights, fridge, workshop, tv, well-pump and more! Easily expandable, you can add more ...

Our Solar Battery Container delivers eco-friendly, reliable energy for utility needs. Experience 24/7 power and reduced costs with innovative large scale solar battery storage systems.

Featuring daily updates with the lowest prices on solar panels, SunWatts has a big selection of affordable 7 kW PV systems for sale. These 7 kW size grid-connected solar kits include solar ...

Our foldable solar containers combine advanced photovoltaic technology with modular container design, delivering rapid-deployment, off-grid renewable energy with industry-leading efficiency.
