This tender follows several recent renewable energy projects in Somalia. In February, a 55 MW solar and 160 MWh BESS project was ...

The project, which includes the design, supply, installation, testing, and commissioning of a 10 MW solar plant with a 20 MWh battery energy storage system and a 33 ...

The project involves the design, supply, installation, testing, and commissioning of a 10 MW solar photovoltaic (PV) plant integrated with a 20 MWh battery energy storage system ...

The government department is seeking bids for the design, supply, installation, testing and commissioning of hybrid/off-grid solar PV plants with battery energy storage ...

Here I'm creating a JavaScript object and converting it to a JSON string, but `JSON.stringify` returns `"[object Object]"`; in this case, instead of displaying the contents of the ...

`json dump` will write the json as string in the file. How can I get a json file that is not in the form of string, but just dictionary-like? Is it possible?

The latest projects use lithium-ion batteries that laugh at 45°C heat--perfect for the Somali climate. Bonus points for smart inverters from companies like Ginlong (Solis) that ...

Of course, the correct MIME media type for JSON is `application/json`, but it's necessary to realize what type of data is expected in your application. For example, I use Java Ext GWT and the ...

Under the agreement, Huawei Digital Power will provide a complete smart PV & energy storage system

(ESS) solution for the 1 GW utility-scale PV plant and 500 MWh ESS project ...

679 JSON (JavaScript Object Notation) is a lightweight format that is used for data interchanging. It is based on a subset of JavaScript language (the way objects are built in JavaScript). As ...

If you are reading the data from the Internet instead, the same techniques can generally be used with the response you get from your HTTP API (it will be a file-like object); however, it is ...

jq . some.json and you get colors as a bonus (and way easier extendability). Addendum: There is some confusion in the comments about using jq to process large JSON files on the one hand, ...

Yes. The JSON format has a lot of dead-space between elements and is space-insensitive in those regions, so there's no reason why you can't have single or multi-line comments there. ...

Specializing in custom lithium battery inverters for harsh environments, we've delivered 120+ projects across East Africa. Our ISO-certified manufacturing combines German engineering ...

I did it many times, and each time I forgot where it was. Menu File -> Preferences -> Settings. I get this: I want to open file settings.json (editable JSON file) instead. How can I do that?

The result was a compact yet powerful 12kW solar plus 15kW inverter and 30kWh energy storage system, engineered specifically for small residential environments.
