Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, ...

Founded in Switzerland in 2019, Swiss Airtainer specializes in RKN temperature-controlled containers, and have created an innovative cold chain solution that is customer-centric, ...

Encased within a container frame that conforms to the 20-foot "high-cube" container standards (ISO 668 with CSC certification), it can be easily transported worldwide, ...

Solar energy containers encapsulate cutting-edge technology designed to capture and convert sunlight into usable electricity, particularly in remote or off-grid locations. ...

The innovative and mobile solar container contains 200 photovoltaic modules with a maximum nominal output of 134 kWp and, thanks to the lightweight and environmentally friendly ...

This isn't sci-fi - it's container zonnepanelen revolutionizing how businesses harness renewable energy. Across Europe, companies are ditching traditional solar installations for these mobile ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail ...

A Swiss start-up has created a containerized movable PV system that is designed to be easily relocated to allow the use of solar energy in locations where a fixed installation is ...

Each container is equipped with a photovoltaic array, a battery bank, and a generator -- all custom-sized to

meet the specific needs of the customer. With integrated remote monitoring ...

High-efficiency PV modules are mounted on the container roof to maximize sun exposure. Standard mounting hardware ensures fast ...

A Swiss start-up has created a containerized movable PV system that is designed to be easily relocated to allow the use of solar ...

Founded in Switzerland in 2019, Swiss Airtainer specializes in RKN temperature-controlled containers, and have created an innovative cold ...

Think of a fold-up solar Container as an energy Swiss Army knife: portable, convenient, and loaded with hidden abilities. It's perfect for anyone who's ever wanted to "plug ...

The innovative and mobile solar container contains 200 photovoltaic modules with a maximum nominal output of 134 kWp and, thanks to the lightweight ...

High-efficiency PV modules are mounted on the container roof to maximize sun exposure. Standard mounting hardware ensures fast and painless installation. Our 6kW and ...

Encased within a container frame that conforms to the 20-foot "high-cube" container standards (ISO 668 with CSC certification), it can ...
