What is TuNur energy doing in Tunisia?

In Tunisia, Nur Energie is developing the world's first CSP solar export project between North Africa and Europe. For more information about the TuNur project please visit the TuNur company website:

Where is TuNur energy located?

The site is located in the Sahara desert and has a solar radiation level of 2500 kWh/m² annually. Nur Energie has built and maintained a solar weather station for 3 years on the TuNur site to receive real time solar data on the ground.

Will Tunisia's first large-scale solar export project go to Italy?

Till Stenzel, COO of Nur Energie presented to an audience of over 75 energy professionals and policy-makers its project plans for a first large-scale solar export project from Tunisia to Italy. In Tunisia, Nur Energie is developing the world's first CSP solar export project between North Africa and Europe.

Why should you invest in solar power in Tunisia?

Nur Energie has built and maintained a solar weather station for 3 years on the TuNur site to receive real time solar data on the ground. Tunisia has up to 20% better radiation than some of the best sites in Europe, and the Sahara desert provides significant land to develop large scale solar power projects.

With over 30 years' experience, ASSAD's industrial battery business has established itself as a leader in the production of batteries for renewable ...

The TuNur project consists of a 2,250MW solar CSP power plant in the Sahara desert and a 2 GW HVDC submarine cable from Tunisia to Italy. As the power plants become ...

With over 30 years' experience, ASSAD's industrial battery business has established itself as a leader in the

production of batteries for renewable energy applications, particularly in the ...

SunContainer Innovations - Discover how industrial and renewable energy projects in Sousse, Tunisia, leverage cutting-edge battery storage systems to optimize power reliability and ...

We carry Xantrex, Outback Power, Magnum Energy, Suntech Power, Deka Battery, Morningstar, Victron Energy, Midnite Solar, Surrette and other quality brands.

POWER STORAGE is a trusted provider of advanced energy solutions, specializing in energy storage batteries, energy storage containers, and microgrid systems. We are committed to ...

The TuNur project consists of a 2,250MW solar CSP power plant in the Sahara desert and a 2 GW HVDC submarine cable from ...

Our battery is powerful and designed to last longer than any brand of battery available in the Tunisian market. We also manufacture the best motorcycle power products, such as solar ...

Solar power battery systems are an important component of any home solar system. Having a good quality and reliable battery means you can get the most out of your solar system and can ...

Technological advancements are dramatically improving solar storage container performance while reducing costs. Next-generation thermal management systems maintain optimal ...

Tunisia Solar Energy and Battery Storage Market is expected to grow during 2024-2031

There are a substantial number of solar equipment suppliers operating within Tunisia's solar market. Still, most of these entities can only manufacture and distribute equipment for small ...
