---

Integrated solar street lights can light up 12 hours a night, support 3 rainy days, and give you 365 days without lights off. The solar panel has high photoelectric conversion efficiency for fast ...

Powered by Osram SMD3030 LEDs, it delivers superior brightness while consuming less power, allowing it to maintain full luminosity far longer than competing solar street lights that rely on ...

Integrated solar street lights can light up 12 hours a night, support 3 rainy days, and give you 365 days without lights off. The solar panel has high ...

Our job is simple: keep your streets bright, your inspectors calm, and your WhatsApp free of "why so dark?" messages from clients in Uruguay and across South America.

This innovative solar street lighting design maximizes utility of solar energy while maintaining desired lighting distribution using a swivel attached ...

Goldsuno, a global well known solar street light supplier, provides the newest solar street light projects in Uruguay.

Powered by Osram SMD3030 LEDs, it delivers superior brightness while consuming less power, allowing it to maintain full luminosity far longer ...

The product includes a 40W LED street light, 200W solar panel and 200AH lead-acid battery, and MPPT solar controllers. With the help of a high-volume battery, the lighting can last for 4 days.

This project is in Lorenzo Geyres Town in Uruguay. The solar street light design include: 30W or 40W super bright led lamp, the solar panel and battery holder to be gripped on top of a column ...

Expanding this effort, the installation of integrated solar street lights on the country's main roads marks another step toward achieving environmental and energy ...

HAVE ANY QUESTIONS ABOUT OUR PRODUCTS? Please leave us a message and we will get back to you within 12 hours.

This innovative solar street lighting design maximizes utility of solar energy while maintaining desired lighting distribution using a swivel attached solar panel.

In short, this project illustrates how Fonroche Lighting, through its high-quality products, is actively contributing to solar street lighting, bringing new and sustainable light to the departments of ...
