-----

Constructed with high-strength steel, the container offers excellent durability, weather resistance, and safety protection. Its modular design allows for scalable capacity and quick deployment, ...

Collapsible tanks consist of foldable aluminium or PVC structure with a liner that is very useful in oil spill response, disaster management, firefighting and environmental operations. These ...

BESS Containers by APPL Container are proudly Made in India under the Make in India initiative. These modular, pre-engineered containers are ...

Our first offering is a fundamental container enclosure body equipped with a battery rack. This solution provides our clients with the flexibility to integrate additional components as per their ...

We build a reliable and stable Unbreakable 3 Layer Water Storage Container. Our Solar Water Heating Systems will save up to 90% in electricity bills, also contributing towards a pollution ...

Collapsible tanks consist of foldable aluminium or PVC structure with a liner that is very useful in oil spill response, disaster management, firefighting ...

BESS Containers by APPL Container are proudly Made in India under the Make in India initiative. These modular, pre-engineered containers are ideal for managing and storing electrical ...

The ZBC range of battery energy storage systems come in 10 feet and 20 feet high cube containers. These containers are designed to meet the requirements for off and on-grid ...

Our tanks are supplied in kit form to minimize transport costs and for ease of construction, which for the

majority of our range can be constructed with ...

Variable-frequency liquid cooling system with modular adjustable pipelines ensures uniform temperature, reducing auxiliary power consumption and extending system lifespan. Complies ...

Our tanks are supplied in kit form to minimize transport costs and for ease of construction, which for the majority of our range can be constructed with two people. An extensive range of liners ...

Introducing the Turtle Series 5.016MWh Liquid Cooled Container ESS, engineered for large-scale energy storage and industrial power management. Designed with advanced liquid cooling ...

BESS containers are more than just energy storage solutions, they are integral components for efficient, reliable, and sustainable energy management. BESS containers are designed for ...
