Discover the top 10 solar PV module manufacturer companies in 2025, featuring American-made solar panels and industry leaders like First Solar and LONGi Green Energy.

Photovoltaics companies include PV capital equipment producers, cell manufacturers, panel manufacturers and installers. The list does not include silicon manufacturing companies.

OverviewPhotovoltaic manufacturersSolar photovoltaic production by countryOther companiesSee alsoThis is a list of notable photovoltaics (PV) companies. Grid-connected solar photovoltaics (PV) is the fastest growing energy technology in the world, growing from a cumulative installed capacity of 7.7 GW in 2007, to 320 GW in 2016. In 2016, 93% of the global PV cell manufacturing capacity utilized crystalline silicon (cSi) technology, representing a commanding lead ov...

This section provides an overview for solar panels as well as their applications and principles. Also, please take a look at the list of 56 solar panel manufacturers and their company rankings.

Explore the leading photovoltaic equipment manufacturing companies, including Suntech and Adani Solar, driving the solar energy market forward.

This map provides information about all of the solar photovoltaic (PV) manufacturing facilities in the United States and how they contribute to the solar supply chain.

A guide to the top suppliers, manufacturers, and distributors of solar panels in the USA, including the top featured solar panel suppliers on Thomas.
