Explosion-Proof Structural Design: Built with high-strength, weather-resistant steel, these containers are hermetically sealed to prevent the ingress of flammable gases. They ...

In hazardous industries like oil & gas, chemical processing, and mining, explosion proof containers are vital to store combustible products safely. Explosion proof containers keep the ...

VMCR's ATEX Storage Units offer safe housing for hazardous substances offshore, with climate control, ATEX Zone 1 lighting, and proper ventilation. Choose from 10 or 20 ft models, with ...

High-quality Explosion Proof Containers designed for hazardous environments. Certified, durable, and secure solutions for offshore and industrial projects

Our explosion proof, Zone II refrigerated containers are ATEX compliant and suitable for use in hazardous areas offshore. All units come equipped with the following features:

They can be stacked or interconnected to create larger protected areas or tailored configurations. Rental and setup are streamlined, often involving straightforward roll-off delivery without the ...

Our explosion-proof containers are essential for industries such as oil and gas, mining, and offshore operations where safety is paramount. They provide a secure and compliant ...
