Where to buy solar inverter Philippines?

One-stop-shop for solar inverter, solar controller, battery, solar panels and solar system. Zamdon - Leading Inverter Supplier Philippines. We offer a wide range of solar inverter, power inverter, and hybrid solar inverter philippines. Trusted for our quality and reliability, Zamdon is your top choice for all your inverter needs in the Philippines.

Why should you install a solar power inverter in the Philippines?

Another benefit of installing a solar power inverter in the Philippines is that you can stop worrying about sudden power interruptions. Solar power inverters will continuously generate energy during brownouts because they absorb sunlight throughout the day. This is where the concept of net metering comes into the picture.

How long does a solar power inverter last in the Philippines?

At Solaric, solar power inverters we've installed throughout the country resulted in drastic monthly electric bill drops, with homeowners noticing up to 50% reduction in their bills. If you purchase a solar power inverter in the Philippines, you can expect to recover from your investment within 6 to 7 years of use.

Does Solaric sell SolarEdge inverters in the Philippines?

Solaric is an authorized distributor of SolarEdge inverters in the Philippines. We also help our clients carry out installation, site planning, and commissioning. We offer a full suite of SolarEdge inverters (single phase and 3 phase) that operate in the following grid types: regular 230V Single (split) phase, 400V Wye, and 230V Delta.
